

WILD NIGHTS OUT COVID-19 POLICY:

We are acutely aware of the new responsibilities demanded in this age of COVID-19. In addition to adherence to Government protocols and industry best practice guidelines, we wish to emphasise that:

1. physical distancing and hygiene within our group 'travel bubble' can be safely maintained in the mountains;
2. our maximum group size of 18 Matric Students + facilitators can regularly be divided into smaller sub-groups on the mountain if needs be;
3. to the best of our knowledge, large outdoor spaces are seen as preferable environments and have not been associated with cluster outbreaks or super-spreader events.

Nevertheless, we will retain vigilance at all times.

Should a another lockdown be instituted, we will postpone Phase 1 accordingly.
